**12.02.2022**

the resting verbs are  
lie lie lay be

when I smoke too much my eyes  
water as I read

my stupid stupid fig brain  
feels like two bay dogs  
fucking

sorry  
my back arrests me

why can't I receive you  
why are we starting apart

in awareness I stand  
with the lame intention of crumbling  
sourdough  
over the sink
